# ***FOREWORD***

The sound of happy voices, the spirit of good sports, the molding of ideals and aspirations--all blend into our high school experiences.

We, the seniors, hope that in years to come the Avalon will bring back to us memories of our apprenticeship in preparation for life. N.P.H.S. means more to us as seniors than it did as freshmen. It is more than a mere candlelight. It has become a bright and revealing beacon-light with wider beams for tomorrow.

We feel that your satisfaction with this volume is our compensation for publishing it. With the hope that you will enjoy the product of our efforts, we present to you the 1966 Avalon.

Class Motto: We have crossed the river,  
but the ocean lies before us.

Class Song: "You'll Never Walk Alone"

Class Colors: Light Blue and Dark Blue

Class Flower: White Rose

## *Future NP Champs Warm Up*

Above: An impromptu baseball game builds future Champs and leaders of the school.

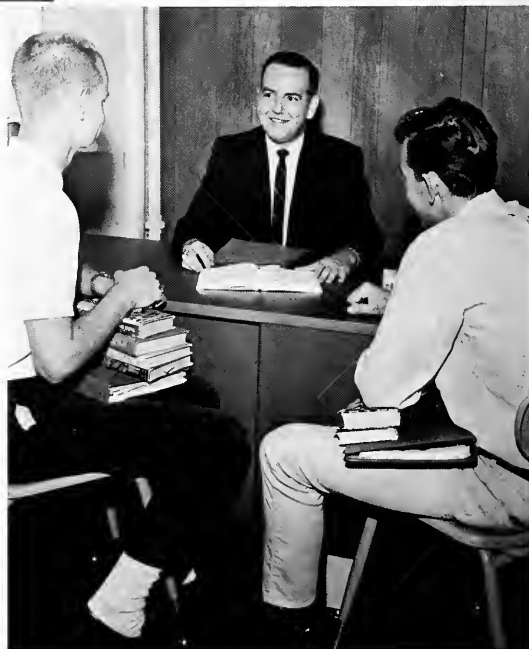

To our left we have our formally directed Marching Dragons, just one of many activities in which students at NPIS participate.

Carroll V. Rumble,  
Guidance Director

As the fast changing world in which we live picks up speed, we are faced with many problems which, alone, we could not solve. We often turn to Mr. Rumble, our guidance counselor. To the seniors he is invaluable. He provides college-bound seniors with all information concerning colleges, universities, and all available scholarships. For those who are ending their formal education at graduation, he is an excellent source of advice concerning their chosen vocation.

Here we see the strength and courage of our Mr. Rumble. Although there are two seniors confronting him at the same time, which is enough to make some men run and hide, Mr. Rumble is still smiling.

## ***SENIORS WELCOME FRESHMEN***

John Carmichael crowns Greg Kleiman and Sandie Reed King and Queen of the Freshman-Senior Dance, traditionally sponsored by the senior class. Everyone enjoyed dancing to the vibrating beat of the "Rogues". Although everyone had a fabulous time, after all of that "hopping about" to the beat, there had to be time for intermission.

King Greg Kleiman and Queen Sandie Reed

What's cooking, Becky?

Did she like it, Gary?

## ***N. P. STUDENTS LEARN BY DOING***

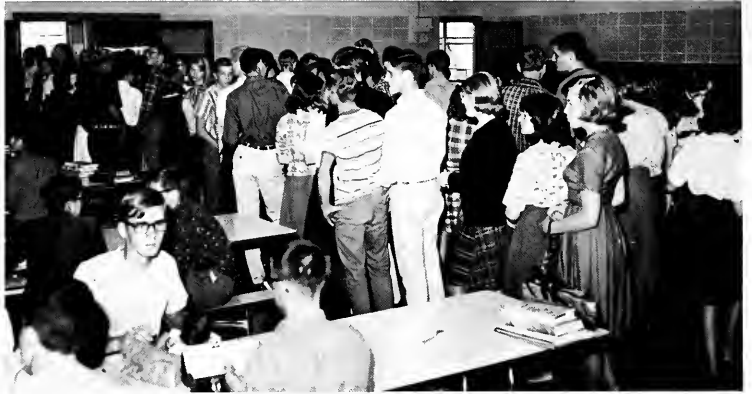

Don't burn us, John!

## ***CAFETERIA STYLE***

Teachers grind away with grim determination.

Forward through the ages!

## ***BUILDERS FOR THE FUTURE***

The School Board faces many difficult situations during the school year. The determining of the school budget and the implementation of plans for building additions are but a few of the vital services they render. Superintendent M. K. Holzhausen is aided by the School Board in making important school decisions. These capable men keep the wheels of C. S. C. S. H. C. running smoothly.

M. K. Holzhausen, Superintendent

Mrs. Lois Arthur, Secretary

Keith R. Davis, Principal

Mr. Davis, our principal, has a challenging job involving gigantic responsibilities. He provides a varied curricula to prepare students for all walks of life. We, the students, are always in need of discipline and advice, and Mr. Davis is always eager to extend a friendly but firm hand to direct us along the road of education.

Mrs. Basey efficiently fills the position of secretary. Everyone asks for her assistance -- whether it be to obtain a master copy, a lunch charge, a purchase order, or her long lost stapler. Mrs. Basey has proved to be invaluable to Mr. Davis, the student body, and the entire school personnel.

Mrs. Frances Basey

Carl H. Wilson

Mrs. Joan Alexander

Clarence Mitchell

Through their faithful service and untiring efforts, Mr. Wilson and Mr. Mitchell, grade school principals, have guided our younger generation through their sometimes perilous first years of school. Although their problems are great and sometimes their immediate rewards are few, these capable administrators find time to give the personal touch to each student.

With a bright smile, each day Mrs. Alexander faces a new scurrying throng of students waiting impatiently to buy their lunch tickets. Her calmness and patience with the sometimes over-zealous students have made her popular in a too often thankless job.

Seniors push forward!

Because of Mr. Rumble's cheerful, understanding attitude, we always willingly and eagerly listen to his guiding words. To the seniors, Mr. Rumble is invaluable. He has the remarkable ability to assist us in making our own decisions. With his witty comments and dimpled grin, Mr. Rumble has helped steer us through a very trying, but joyful year. We shall always remember his guidance as we go on our separate ways.

Carroll V. Rumble

Our pleasant association with Mrs. Gruber goes all the way back to our junior-high days when we entered the bewildering world of high school and graduation seemed a long way off. She helped us then to find our way and has continued through our high school years in English and Spanish classes and her sponsorship of the Pep Block and The C. M. to be very much a part of our lives.

## *ACADEMICS*

## ***FUTURE SCIENTISTS***

In this fast-moving world of rockets and space, the scientist holds the key to unlock the future.

Now light it, Tom!

A deltoid or a trapezius?

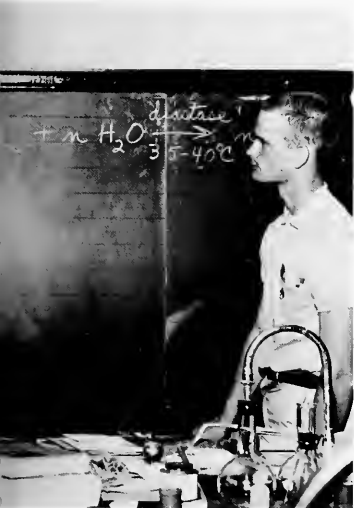

**LEARN MUCH TODAY!**

Our science department, under the capable leadership of Philip Shelton, is continually striving to produce some of the scientists so much in demand for future generations.

I've heard about the "Aves,"  
now what about the "Apes melliferae"?

Explain it to him again, John.

Wake up, Mr. McNamara! It's not that boring.

These fellows look as if they think English is serious business.

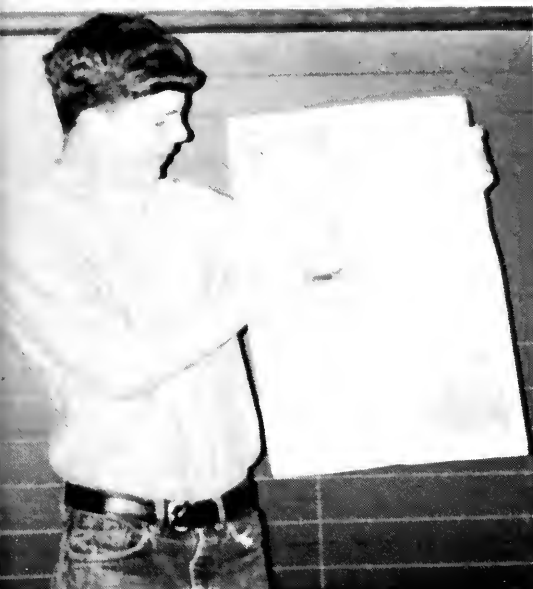

## ***LANGUAGE....the Means to Communication***

Language is the basis for all of man's communication, for he cannot even think but in terms of words. We are stopped by the barrier from thought to clear expression. And the misunderstanding rising between different tongues and cultures is even higher.

Our English Department and different language courses strive to help us break down these old walls in order to prepare us for building a world of clear, direct thought and communication.

"Relax. Speak slowly....Brother, I'll be Lucky if my knees stop knocking!"

Dave evaluates a front page.

The new journalism class plugs away at work on the C.M.

Third year Spanish and second year Latin students compare verb forms.

Is our artistry that bad, Mrs. McNamara?

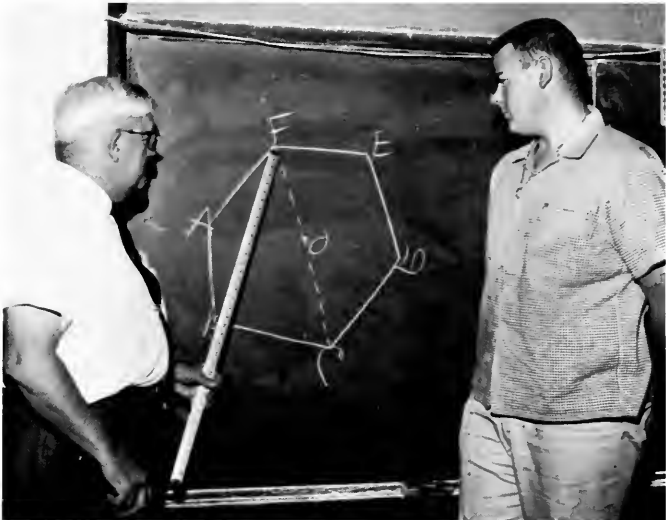

Mathematics is a course involving pi, plus, minus, sets. Mathematics is a ne-education. Everything is centimeters, liters, or ab- has provided superb facil- this substantial subject.

"Now John, if Popeye stood here..."

$$X = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$$

"Now which which is which which?"

## *Careers in the Making*

A career anyone? Business courses are offered to everyone but are taken mostly by girls with plans for a future secretarial career. Many of these courses would also benefit the college-bound student, especially those who need to type all of their work for it to be legible.

Now, do remember that two plus two equals four, or you'll never get the correct answer.

Transcribing is really fun-- Those smiles prove it.

First-year typing is serious business.

## ***SOCIAL STUDIES***

The Thinkers - Steve, Joyce, Velma, Rhonda

Social studies enables the student to understand the make-up of the economy and politics of the world and how they affect us. Through the study of social sciences we develop the basis for becoming good American citizens by critically discussing our past and present governments. Social Studies is a necessary part of the education of tomorrow's responsible voters.

I know I'm half finished, Mr. Salyor, but I still have twenty pages to go!

Here it is, Mr. Wright!

I hate to mention it, but-

Christmas presents, household furniture, and personal pride in one's work are built in Industrial Arts. Each boy develops his special interests and independently creates his own masterpiece. Boys gain manual skills and know-how needed by "do-it-yourself" people and household repairmen.

## ***APPRENTICES...CRAFTSMEN...MASTERS***

Remember-When using a lathe, it is advisable not to put your thumb up here!

Larry clarifies his question in order to score well on a test.

Agriculture is a course designed with the farm boy in mind. This is the next best thing to practical experience for the future farmer. Here the boys can learn so many things that their fathers can't teach them about farming in respect to different seeds, new types of machinery and new methods. The boy who takes these courses is truly prepared to be tomorrow's "professional" farmer.

## ***AG: Key to Successful Farming***

It is from such tiny seeds that such tall corn plants grow.

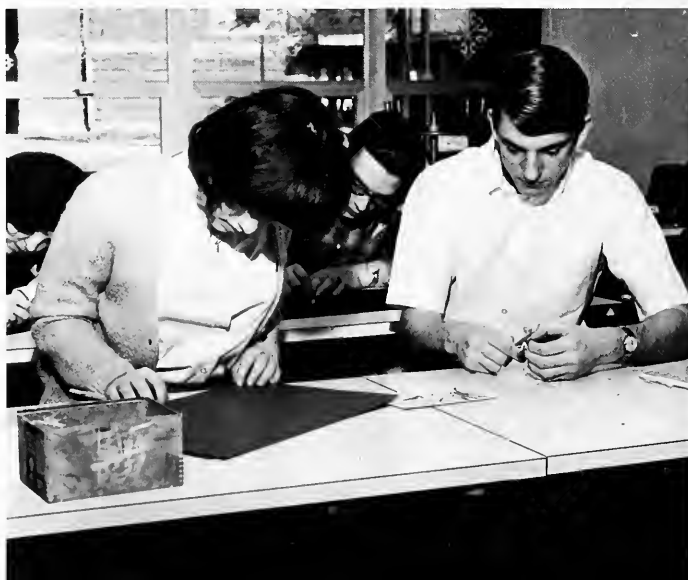

Ha! Ha! Phil, you can't fool me. I know what you did!

## CREATIVE ARTS

High school art classes taught by Mrs. Virginia Collins and Mrs. Rachel Lantz, have given opportunities for creative expression to sincerely interested students.

Easy with those scissors, Dan!

Sharon and Barbara carefully follow directions on tying threads.

Each girl learns special skills to be used when she has a home of her own by carefully observing methods demonstrated, and then practicing on her own to become an accomplished homemaker.

Each girl's ability is developed and her future is strengthened.

These girls ought to be pie perfectionists after such concentration!

## ***HOMEMAKERS OF TOMORROW***

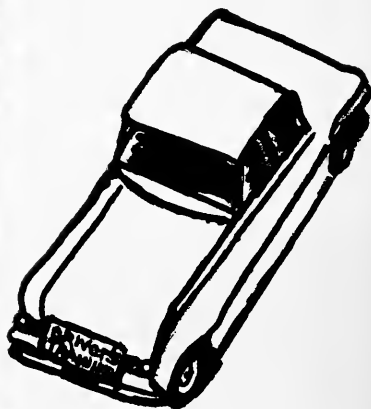

Becky quickly sautés....what is in that skillet?

## ***DRIVERS TRAINING-PROCEED WITH CAUTION***

Mr. Blackwell carefully and patiently teaches the fundamentals of good driving.

Melanie giggles, "I thought cars only ran on gas!"

Any luck, Sandie?

Mrs. Doyle reminds Erin to bring her book back on time.

## *ACTIVITIES*

Grace Bardes picks up forms for making out pages shipped to the printer.

Randy Smiley leafs through the plan book to remember picture layouts.

## *V.I.P. of the Avalon Staff*

The AVALON is your memory book of the places, events, and people connected with the school year 1965-66- a record of sports, classes, and activities. It has been made possible by the continuous efforts of the editors, managers, and chairmen. These are the people who organized and engineered the building of your AVALON.

John Carmichael, Business Mgr., carefully secures the Avalon money.

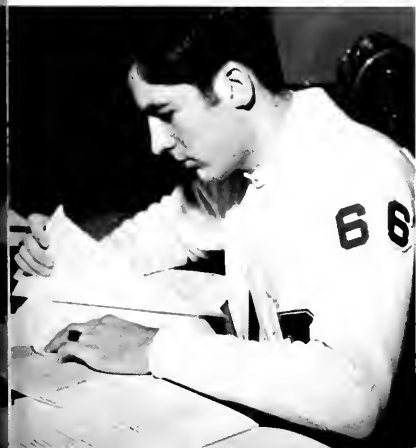

Donna Best, Art Editor, works on the wacky posters for book sales.

Dave Colip, Picture Chairman, follows our photographer and plans groupings.

Bill Copple made all those tricky maps which we followed for our ad sales.

## ***STUDENT COUNCIL***

Student government has always been important in our school. The Student Council strives to bring out the leadership qualities in the students within its body.

Wanting to serve in all areas, the Council encourages the students to bring their problems and complaints to them to be aired.

Principal Keith R. Davis, Sponsor

Sally Hill, reporter; Rhonda Lantz, secretary-treasurer; Gary Boring, president; Gary Bardonner, Vice-president.

The four sponsors advise on all phases of the C.M.

Editors Joe and Lorraine, along with Business Mgr. Carl and Art Editor Mike, form the leadership of the C.M.

## THE CRIMSON

These bright reporters scoop the news.

These boys give coverage to all sports.

The ad staff "grins and bears it" even if there is a hole in the stencil.

C.M. typists gleefully accept passes to the paperroom to type dummies and utilize the "senior lounge."

## ***MESSENGER***

These run those sharp copies and proudly deliver the C.M.'s.

These are the members of the feature staff that discover all those odd and amusing things to write about.

Catch that ball !

Hurry....Hurry....Hurry, Gary !

Baseball season, including the summer and fall program, offered many surprises as the Dragons won 25 and lost 12 including victories over Muncie Central and North Central.

The Dragons beat Eastern Hancock 8 to 0 as Cochran pulled an iron-man job, aided by several good defensive plays by his team. Cochran had four consecutive shutouts as the season ended, beating Morristown 7 to 0, Waldron 1 to 0, Eastern Hancock 8 to 0, and Knightstown Memorial 4 to 0.

Batting leaders were Royce McDougall, 425; Gary Bullman, 411; Tom Hendryx, 358; Steve Bucksot, 333; Kevin Burk, 311; Steve Cochran, 318.

The Dragon line up usually found Tom Clarkson or Pete Sleeth on first, K. Faut or S. Bucksot on second, Tom Hendryx, shortstop; and Royce McDougall on third; Kevin Burk, catcher; Gary Bullman, left field; Larry Anderson, center field; and Gary Hutton, right field.

Pitching was handled by Steve Cochran, Bill Hollars, Pete Sleeth, Tom Hendryx, and Dave Meier.

Highlight of the season was the Dragon Tourney in which New Palestine beat Waldron 1-0 on Steve Cochran's no-hit game and Dave Colip's winning triple.

Row one: Bill Copple, John Larrabee, Steve Jones, Paul Wood, Dave Colip, Tom Hendryx, Max Mitchell, Kent Rancy. Row two: Ken Myers, Doug Lantz, Allan Harter, Dave Mathews, Lee Bennett, Mark Roler, Gary Bardonner, Tom McNamara, assistant coach. Row three: Doug Burge, Ed Koch, Bill Waits, Glen Yancy, Alexander Ray, Andy Osman, Jerry DeRome, and Jay Campbell, coach.

## TRACK

Tenseness grips

Kicking high.....

Stamina and the will to win are the requisites for a winning track team. New Palestine has these. The Dragon cindermen missed placing second in a field of eight in the East-Central Conference by  $\frac{1}{2}$  point last year. The team trains long and hard under the capable leadership of Jay Campbell and exhibits a strong sense of competitiveness.

First row: Ray Osman, Ken Faut, Paul Wood, and Sandy Ray. Back row: Steve Jones, John Larrabee, Coach Jerry Cain.

## LEADERSHIP-PRACTICE-PERFECTION

Mr. Hunter, our band director, guides the band to perfection. His time and efforts are well rewarded by the performance of the spirited band and precise majorettes.

Under Mike Grissom's baton, the band is led through intricate maneuvers. His clear signals and peppy instructions bring about a fine performance.

Sheryl Kirkpatrick, our feature twirler, imaginatively creates the half-time shows to liven up the ball games.

## ***GRADES***

## SIXTH GRADE

Sixth graders begin to feel the atmosphere of high school by changing teachers for different classes.

The girls' health class with an extensive study of foods included a field trip to a Supermarket, feeding white mice a poor diet and a proper diet, viewing films, and a puppetshow summarizing important findings.

Scholastic achievement was encouraged with awards of books and pamphlets for high test scores and a used set of encyclopedias for the highest grade average.

The sixth grade basketball team lost four games to other schools.

## ***FOURTH GRADE***

Fourth graders' interest was caught by an essay-report contest sponsored by Mr. Wilson. Use of resource material to obtain information for their reports became an incentive to gain additional information in other subjects. They also did research in science.

The children collected soil samples for their first year of geography and spelled away February and March in preparation for the County Spelling Bee.

## SECOND GRADE

Second graders learn about growing that goes on out doors by watching in doors how bean seeds, sunflower seeds, oat seeds, and garden seeds grow in and out of sunshine, with and without water, or on cotton around the top of a jar. A mature field hike takes the children to see near by crops and the biggest magnolia tree in town.

A thrilling excursion to the Riley Home in Greenfield is a good look into history.

First graders learn to print, use counting men, and write stories in their new adventures in school.

Second graders learn by applying what they know to supplementary reading books and extra activities in arithmetic.

Third grade projects include acting out learning projects in play form. The classroom is decorated with students' work for special holidays.

Fourth grade begins adventures in geography and history. Eager, interested students study and report on our country's heroes and land formations.

Fifth and sixth grades enjoy library books and share their reading experiences by reviewing books for the class. New areas of agriculture are opened to all boys and girls as a beginning for vocational training.

SELECT-O-MATIC**

Why worry about several different farm insurance policies and a number of premium notices coming due at different times when you can package all of your farm insurance, including auto and farm truck coverage in our new "Select-O-Matic" policy. Select the coverages you want or take all of them and choose the way you want to pay—quarterly, semi-annually or annually. Ask your Indiana Farmers Mutual agent right away for a quotation on your farm. You'll be glad you did!
